

The Swiss IPv6 Task Force

SWISS
IPv6 Task Force

Swiss IPv6 Task Force, goals

Serve as **platform for all players in IPv6 in Switzerland**: ISPs, SPs, industry, academic

Raise awareness for IPv6 (main focus, currently)

Encourage the industry to begin the initial phases of IPv6 readiness

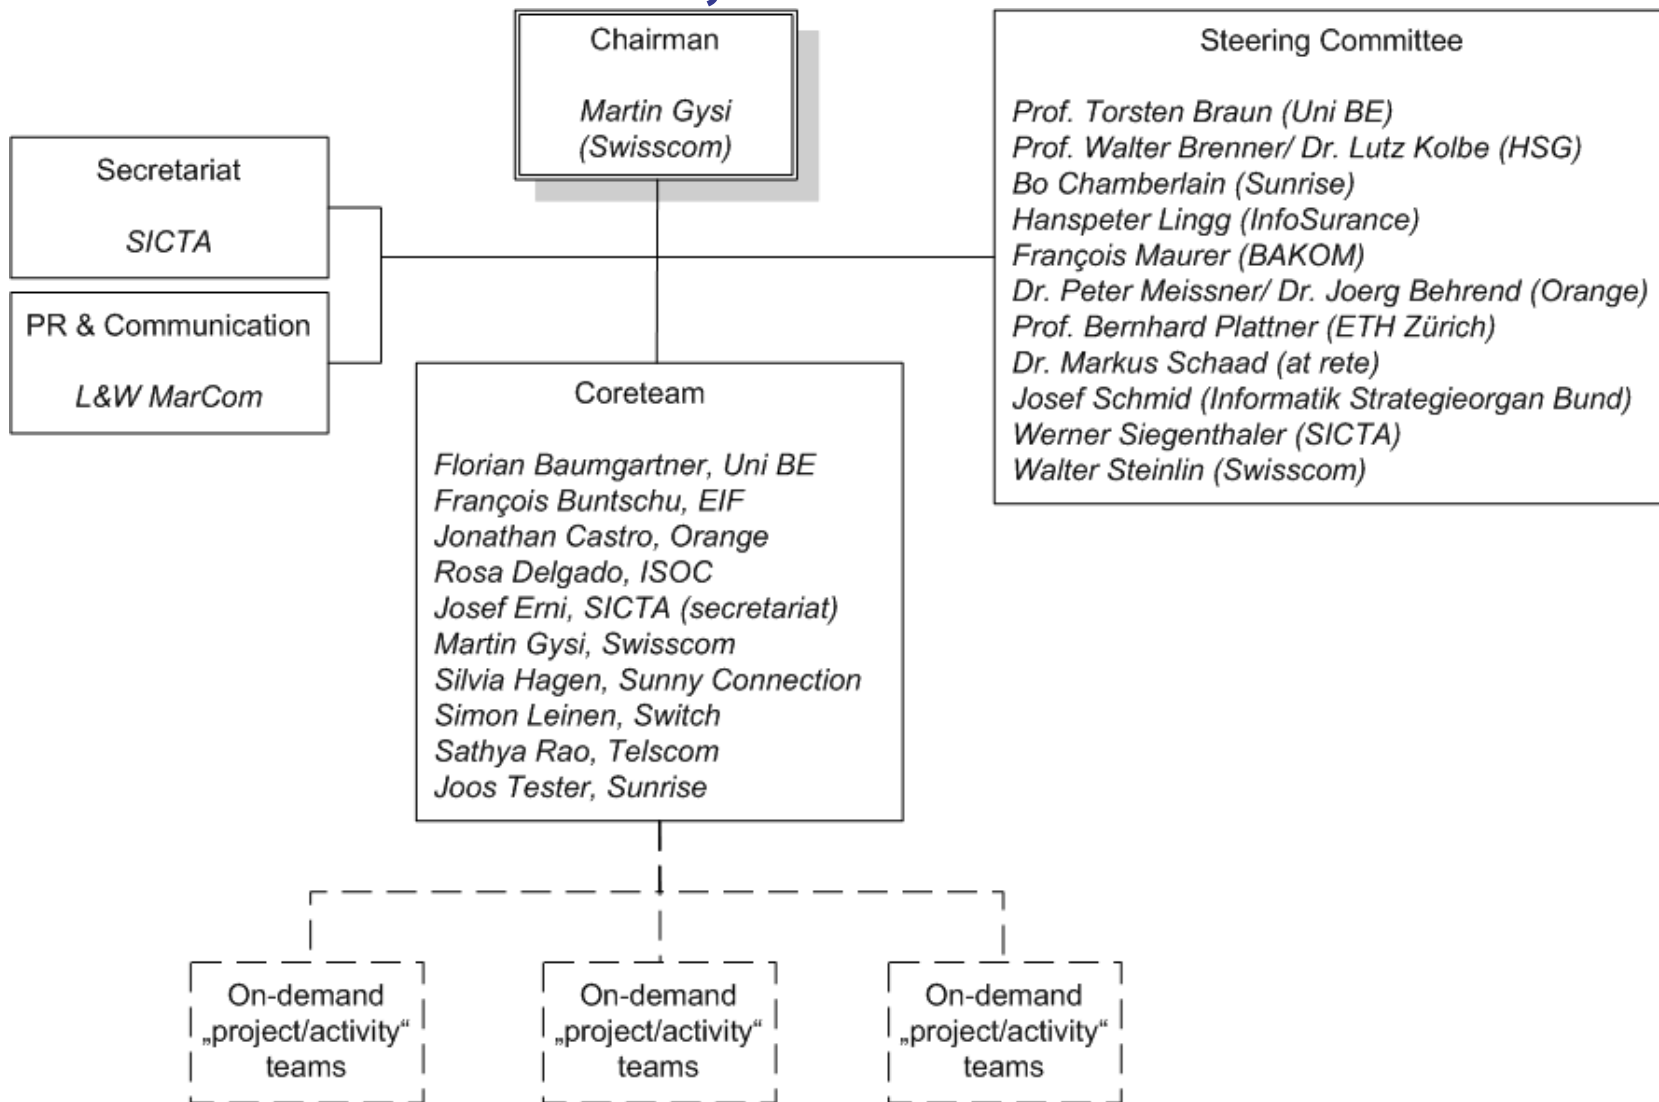

Evaluate impact on technical, policy and social areas

Evaluate transition scenarios

Initiate IPv6 projects in Switzerland

Ensure international initiatives (located in Switzerland) include IPv6 in their agendas

Swiss IPv6 TF, structure

Swiss IPv6 TF, members

ISPs and Telco's:

- BAR Informatik
- Cyberlink
- Dolphins Network Systems
- Monzoon Networks
- Orange
- SCS TeleMedia
- SolNet
- Sunrise
- Swisscom INO, Mobile, Bluewin, IP-Plus
- Telehouse Internet Exchange (TiX)

Universities and non-profit organizations:

- CERN
- Ecole d'ingénieurs et d'architectues de Fribourg (EIF)
- Ecole d'ingénieurs du canton de Vaud (EMD)
- ETH Zurich
- Hochschule für Technik Rapperswil
- ICTnet
- ISOC Geneva
- ITU
- SwissICT
- Swiss Internet User Group
- Switch
- University of Bern

Government:

- BAKOM
- InformatikStrategieorgan Bund (ISB)

Consultants:

- At rete
- AWK
- L&W MarCom
- Martel Consulting
- NetUnion
- Progon Network Engineering
- Sunny Connection
- Telscom

Industry:

- Agilent Technologies Switzerland
- Alcatel Switzerland
- Ascom
- BAR[IX]
- Checkpoint Switzerland
- Cisco Switzerland
- Ericsson Switzerland
- IBM Research
- IBM Global Services Switzerland
- SICTA
- Siemens Switzerland
- SITA

Swiss IPv6 TF, steering committee

Prof. Torsten Braun (Uni BE)

Prof. Bernhard Plattner (ETHZ)

Prof. Walter Brenner/ Dr. Lutz Kolbe (HSG)

Hanspeter Lingg (InfoSurance)

François Maurer (BAKOM)

Markus Schaad (at rete)

Josef Schmid (ISB)

Werner Siegenthaler (SICTA)

Walter Steinlin (Swisscom)

Dr. Peter Meissner / Dr. Jörg Behrend (Orange)

Bo Chamberlain (Sunrise)

Swiss IPv6 TF, status and activities

Activities:

- Know-how exchange in network WG: ISP Peering Project
- Set-up of projects in application WG
- Organization of **IPv6 Summit Switzerland on June 3rd in Technopark Zürich** (more info on the website)

Webpage (www.ch.ipv6tf.org) and mailing-lists

Almost 100 persons in main mailing-list (always looking for more members, send me a mail if you are interested)

Swiss IPv6 TF, IPv6 Summit Switzerland

3rd of June, 2004, Technopark Zürich

Technical tutorial on 2nd of June

Follows up on the successful first summit in 2003

Program highlights:

- Keynote: **Brian Carpenter**, IBM
- Global overview on IPv6 status: **Latif Ladid**, president IPv6 Forum, Chair EC IPv6 Task Force
- IPv6 application: VoIP on IPv6, **Jaeho Lee**, NCA, Korea
- Costs of IPv6 introduction, business case for IPv6: **Jurie Rich**

Possibility for sponsoring and
stand exhibitions still open!
